

West Nile Virus-NS1 Protein expressed in Expres²™ system

Catalog #: 0557-001

Lot #: 1812005

Description: Recombinant West Nile Virus (WNV) non-structural protein 1 expressed in *Drosophila* Schneider (S2) insect cells using Expres²™ expression system. Theoretical MW = 43.4 kDa

Storage: -80°C

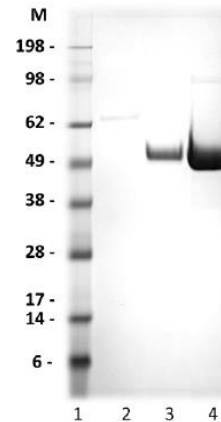

Size: 100 µg of protein is supplied in PBS at a concentration of 1.762 mg/mL.

Relevance: Recombinant protein provides a means as a control protein for immunoassays and a tool to enhance Flavivirus research.

SDS-PAGE: Quality control testing shows a prominent band around 49 kDa.

Related Products: IBT provides a wide array of alphavirus, filovirus proteins and antibodies and other infectious disease reagents. Please see our website, www.ibtbioservices.com for more details.

SDS-PAGE
